

## **McGarry Carpentry & Construction**

### **ENVIRONMENTAL POLICY**

#### **Our Business**

We, McGarry Carpentry & Construction has been in business for the last 12 years. We have worked in all sectors of the construction industry on wide range of carpentry & construction projects. We specialise in all aspects of both carpentry & construction. Projects to date include Schools, Colleges, Hotels, Government Projects and one off private dwellings. Our head office is based in Roscommon and we opened a sub-office in Dublin in 2011.

We have gained a reputation for delivering high quality carpentry and construction projects throughout Ireland. The company can operate as a Main Contractor or Sub-Contractor undertaking various refurbishment, extension and new build schemes. We provide skilled, experienced and dedicated workers who complete work to the highest standard and on time.

#### **Our Core Principles**

We are fully committed to managing and operating our activities in an environmentally responsible manner that does not adversely affect the environment.

#### **Management of the Environment**

We have an Environmental Management System

- Manage our activities with diligence and with the awareness that our goal is to protect the environment and prevent pollution.
- Evaluate all environmental aspects of our activities and determine the resulting environmental impacts.
- Comply with all relevant environmental legal and regulatory requirements and company policies and provide self-monitoring to ensure compliance.
- Train our staff to achieve continual improvement;
- Ensure that our sites are managed by experienced and trained personnel, who receive support from management in order to fulfill their environmental responsibilities.
- Publish our Environmental Policy internally, by communication to all employees and posting the document on all our sites, as well as to all interested parties on request.
